Lift up the outer case, remove the fixed posts, and take out the operation manual, power cord and other accessories.

Installation of massage chair

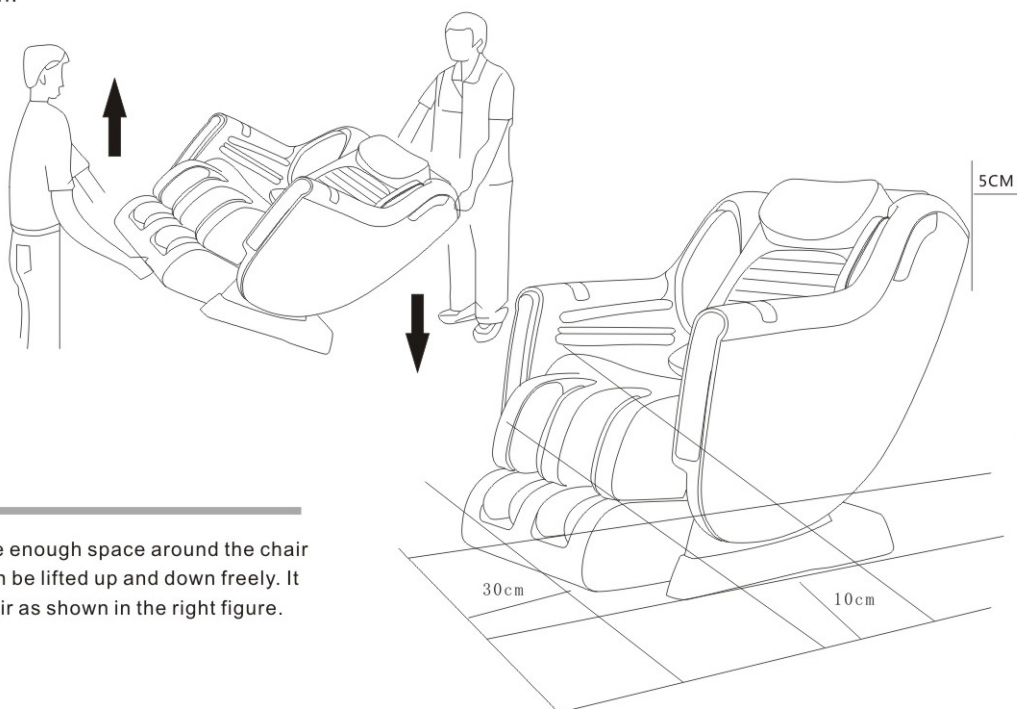

10
PAGE

Moving the massage chair

As shown in the right picture, tilt the chair back about 45 degrees and push it forward or backward with the casters until it is placed at the right position.

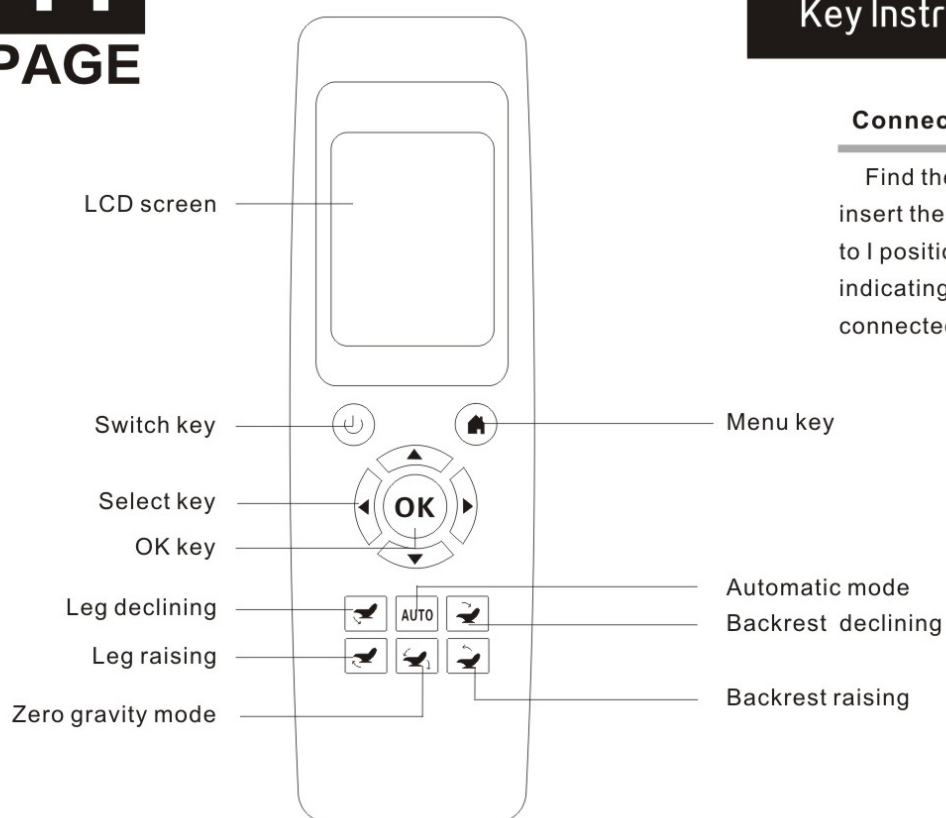

Note!

- * Do not move the massage chair when there is someone lying on it.
- * When moving the massage chair, it is suggested to put a mat under the product in order to avoid damage to the floor.
- * In order to avoid falling, firmly hold the massage chair when moving.

Placing the massage chair

When placing the massage chair, leave enough space around the chair so that the leg and back of the chair can be lifted up and down freely. It is suggested to place the massage chair as shown in the right figure.
